

SAFETY DATA SHEET

1. Identification

Product Identifier LVT Daily Cleaner
Other means of identification LH-1090
Product code
Recommended use Neutral cleaner.
Recommended restrictions None.
Manufacturer information
Company name Lindhaus USA
Address 12941 Eagle Creek Parkway
Savage, MN 55378
Telephone (800) 498-7526
Emergency phone number PERS (800) 633-8253
24-hour Emergency (800) 633-8253

2. Hazard(s) Identification

Physical hazards Not classified.
Health hazards Serious eye damage/irritation. Category 2A
Environmental hazards Skin corrosion/irritation. Category 3
OSHA defined hazards Not listed.
Label elements

Signal word **WARNING**
Hazard statement Causes serious eye irritation.
Causes mild skin irritation.
Precautionary statement
Prevention Wash hands and exposed skin thoroughly after handling. Wear eye protection/face protection/gloves.
Response **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If irritation persists, get medical advice/attention
If skin irritation occurs: get medical help.
Storage No prescriptive instruction.
Disposal No prescriptive instruction
Hazard(s) not otherwise classified (HNOC) None.
Supplemental information None.

3. Composition/information on ingredients

| Mixture Component(s) | | |
|--|-------------|-------|
| Chemical name | CAS number | % |
| Nonionic Surfactant | Proprietary | 1-10 |
| Other components below reportable levels | | 90-99 |

SAFETY DATA SHEET

4. First-aid measures

| | |
|---|--|
| Inhalation | Move to fresh air. Call a physician if symptoms develop or persist. |
| Skin contact | Remove contaminated clothing immediately and wash skin with soap and water. In case of eczema or other skin disorders: Seek medical attention and take along these instructions. |
| Eye contact | Rinse with water for at least 15 minutes. Remove contact lenses, if present and easy to do. If irritation persists, get medical attention. Eye wash stations should be in the work area. |
| Ingestion | Rinse mouth with water. Get medical attention if symptoms occur. Do not induce vomiting. |
| Most important symptoms/effects, acute and delayed | Dermatitis. Rash. May cause an allergic skin reaction. |
| Indication of immediate medical attention and special treatment needed | Provide widespread support measures and treat symptomatically. Keep the victim under observation. Symptoms may be delayed. |
| General information | Ensure that medical personnel are aware of the material(s) involved and take precautions to protect themselves. Wash contaminated clothing before reuse. |

5. Fire-fighting measures

| | |
|--|---|
| Suitable extinguishing media | Water fog. Foam. Dry chemical powder. Carbon dioxide (CO ₂). |
| Unsuitable extinguishing media | None known. |
| Specific hazards arising from the chemical | During fire, gases hazardous to health may be formed. |
| Special protective equipment and precautions for firefighters | Self-contained breathing apparatus and full protecting clothing must be worn in case of fire. |
| Fire-fighting equipment/instructions | Move containers from the fire area if you can do so without risk. This product is not flammable |
| Specific methods | Use standard firefighting procedures and consider the hazards of other involved materials. |
| General fire hazards | No unusual fire or explosion hazards noted. |

6. Accidental release measures

| | |
|---|---|
| Personal precautions, protective equipment, and emergency procedures | Wear appropriate protective equipment and clothing during clean-up. Wear eye/face protection. |
| Methods and materials for containment and cleaning up | Caution – spillages may be slippery. Large spills: Stop the flow of material if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Prevent entry into open waterways, storm sewers or ecologically sensitive areas. Small spills: Wipe up with absorbent material (e.g., cloth, absorbent wipes). Clean surface thoroughly with water to remove residual contamination. Never return spills to original container for re-use. For waste disposal, see section 13 of the SDS. |
| Environmental precautions | Do not release into the general environment (see section 12). Avoid discharge into areas not consistent with package labeling. |

SAFETY DATA SHEET

7. Handling and storage

Precautions for safe handling Avoid contact with eyes, skin, and clothing. Avoid prolonged exposure. Wear appropriate personal protective equipment. Observe good industrial hygiene practices.

Conditions for safe storage, including any incompatibilities Store in original tightly closed container. Do not store in extreme temperature conditions.

8. Exposure controls/personal protection

Occupational exposure limits

| 2-propanol | OSHA PEL | ACGIH TWA |
|------------|----------|-----------|
| | 500 ppm | 200 ppm |

Biological limit values

| | | | |
|------------|-----------------|------|---------------------|
| 2-propanol | 40 micrograms/L | HEMA | Creatinine in Urine |
|------------|-----------------|------|---------------------|

Appropriate engineering controls Emergency eyewash stations and showers should be readily accessible. Provide natural or mechanical ventilation.

Individual protection measures, such as personal protective equipment

Eye/face protection Avoid contact with eyes. Wear safety glasses with side shields (or goggles).

Skin protection

Hand protection Wear appropriate chemical resistant gloves. Nitrile, butyl rubber and neoprene are recommended barrier materials

Other None.

Respiratory protection Respiratory protection not required for prescribed use of this product

Thermal hazards Wear appropriate thermal protective clothing, when necessary.

General hygiene considerations When using do not smoke or use chewing tobacco. Always observe good personal hygiene measures, such as washing after managing the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. Contaminated work clothing should not be allowed out of the workplace.

9. Physical and chemical properties

Appearance

Physical State Liquid.

Color Yellow.

Odor Citrus.

Odor threshold Not available.

pH 7-9

Melting/freezing point Not available.

Initial boiling point and boiling range >212°F (100°C)

Flash point >385°F (196°C)

Evaporation rate Not available.

Flammability Not available.

Flammability Limits

Upper Not available.

Lower Not available.

Vapor pressure Not available.

Vapor density Not available.

SAFETY DATA SHEET

Specific gravity (water=1) 1.02
Solubility in water Soluble.
Partition coefficient (n-octanol/water) Not available.

Auto-ignition temperature Not available.
Decomposition temperature Decomposes on heating.

10. Stability and reactivity

Reactivity This product is stable and non-reactive under normal conditions of use.
Chemical stability Material is stable under normal conditions.
Possibility of hazardous reactions Hazardous polymerization does not occur.
Conditions to avoid Heat and flames can cause products to decompose.
Incompatible materials Strong acids, strong bases, strong oxidizing agents.
Hazardous decomposition products Aldehydes, ketones, organic acids.

11. Toxicological information

Information on likely routes of exposure
Ingestion Expected to be a low ingestion hazard.
Inhalation Expected to be a low inhalation hazard.
Skin contact Repeated and/or prolonged skin contact may cause slight irritation.
Eye contact Contact will cause moderate eye irritation.
Symptoms related to the physical, chemical, and toxicological characteristics Dermatitis. Rash. May cause an allergic skin reaction in susceptible individuals.
Acute toxicity Not established.

| Product LVT Daily Cleaner (CAS mixture) | | |
|---|-------------------|------------------------------------|
| Exposure Classification | Route and Species | LD ₅₀ /LC ₅₀ |
| Acute | Oral, rat | 60,641 mg/kg (estimated) |
| Acute | Dermal, rabbit | 31,899 mg/kg (estimated) |

*Estimates for product may be based on additional component data not shown

Skin corrosion/irritation Not classified.
Serious eye damage/irritation Causes eye irritation.
Respiratory sensitization Not classified.
Skin sensitization Not classified.
Germ cell mutagenicity Not classified.
Carcinogenicity Not considered a carcinogen.
OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050) Not Listed.
Reproductive toxicity Not classified.
Specific target organ toxicity – single exposure Not classified.
Specific target organ toxicity – repeated exposure Not classified.
Aspiration hazard Not considered an aspiration hazard.

SAFETY DATA SHEET

12. Ecological information

| Ecotoxicity | | |
|--|----------------|---|
| Product LVT Daily Cleaner (CAS mixture) | | |
| Aquatic Receptor | Species | Test Thresholds |
| Crustacea | Daphnia magna | EC ₅₀ (48hr): 3,899 mg/L estimated |
| Fish | Fathead Minnow | LC ₅₀ (96hr): 487 mg/L estimated |
| *Estimates for product may be based on additional component data not shown | | |

| | |
|--------------------------------------|---|
| Persistence and degradability | Unknown. |
| Bio-accumulative potential | No data available. Components are highly water-soluble and not expected to accumulate in dynamic biological systems |
| Mobility in soil | Not available. Chemicals of these classes are expected to exhibit moderate to high mobility in saturated and semi-saturated soils |
| Other adverse effects | Not available. |

13. Disposal considerations

| | |
|---|---|
| Disposal instructions | Collect and reclaim or dispose of sealed containers at licensed waste disposal site. Dispose of contents/container in accordance with local/regional/national/international regulations. Do not release to the environment. |
| Local disposal regulations | Dispose in accordance with all applicable regulations. |
| Waste from residues/unused product | Dispose of it in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner. (See: Disposal instructions). The contents of this product are not believed to meet minimum qualifications for classification as an EPA-defined RCRA hazardous waste |
| Contaminated packaging | Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may contain product residue, follow label warnings even after container is emptied. |

14. Transport information

DOT Not regulated as dangerous goods.

15. Regulatory information

US federal regulations

SARA 302 Extremely hazardous substance Not listed.

SARA 304 Emergency release notification Not listed.

SARA 311/312 Hazard Categories

Immediate Hazard – No

Delayed Hazard – No

Fire Hazard – No

Pressure Hazard – No

Reactivity Hazard – No

SARA 313 (TRI reporting)

Not listed.

California Proposition 65

California Safe Drinking Water and Toxic Enforcement Act of 1986

This product is not known to contain any chemicals currently listed as carcinogens or reproductive toxins under California Proposition 65 at levels which would be subject to threshold determination and Safe Harbor notification (1/2025)
